# THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, OCTOBER 23, 1869

## *NOT SO.*

Many of our friends, Stockholders in the Raleigh and Gaston Railroad, have complained of what they are pleased to call our hostility to that corporation. We say again not so. It is true, we were so regarded by some, when acting as President of the North Carolina Road, because we preferred the interest of the North Carolina Road to that of the Raleigh and Gaston. A paper prompted by Stockholders of the latter Road, abused us in a manner that would have brought scandal on the *Standard* when Governor Holden was its Editor. Up to 1868 the North Carolina Road had pursued the suicidal policy of running its own cars, with its own freights, off of its own Road upon the Raleigh and Gaston Road instead of going the full length of its Road to Goldsboro'. Under the direction of the Stockholders we discontinued this ruinous policy, and shipped goods to Norfolk and Petersburg, over the whole line of the Road, by way of Goldsboro.' To stop this the Raleigh and Gaston Road, agreed to pay the North Carolina Road, just what that Road would make by taking freights to Goldsboro', if they would let them take freight by way of the Raleigh and Gaston Road.—This bargain was made in March, 1868. On the 12th of July following, in the short space of four months, the Raleigh and Gaston Road had paid $42,000 to the North Carolina Road, for the privilege and honor of carrying its freights. From these figures, we take it, the Raleigh and Gaston Road now pays $80,000 or $100,000 per annum to the North Carolina Road. It is reasonable to suppose that twenty years hence, the business of the Road will increase five-fold, then the Raleigh and Gaston Road will pay, per annum, $400,000 to the North Carolina.—Under the lease recently made the former Road, will pay to the latter, only $240,000. We think it safe to calculate that five years hence the freights and business of the North Carolina Road will have increased five-fold.

The rotten politicians, through the Leagues and Bureau, have demoralized the labor of the country. The idle labor which has been standing about the towns and depots with folded arms for four years, looking for "forty acres and a mule," will be at work, producing something to be shipped by rail, the 3,000 laborers at work on Railroads will be at work on the farms, and from their labor will come the increase of freights for Railroads.

We were told by three Stockholds of the Raleigh and Gaston Road that we charged them with swindling. Not so, gentlemen. We charged, and we now repeat it, that the lease of the North Carolina Road was a Penitentiary transaction. We have said the Penitentiary transaction was a swindle, and we stick to that, if Gov. Holden did approve it. We believe money has been offered and received in this lease of the Road. Now the Raleigh and Gaston Road, as a corporation, had nothing to do with negotiation for the lease, Dr. Hawkins, the President, did it without consulting them, and until it was consumated they knew nothing of it. Dr. Hawkins has managed his Road remarkably well—he knows it is not self-sustaining without aid from other Roads. Hence, it was to extend his Road to Cheraw, as President of the Chatham Road, he paid Gen. Littlefield (as was said) $100,000 to get an appropriation of $2,000,000 to the Chatham Road, which will be a great feeder to the Raleigh and Gaston.

We said at the Salisbury meeting in July that Dr. Hawkins had elected Directors for the North Carolina Railroad, although, he was not there himself. We don't charge any bargain or corruption between the Doctor and the gentlemen elected. We have no reason to believe he ever spoke to them on the subject. The Doctor's purpose was to get clear of Morehead and others, that he had no reason to believe, if elected Directors, would go for the lease; and he did get clear of Morehead and others by having them beaten. This is what we mean by saying the Doctor elected the Directors for the North Carolina Railroad; he had such as were in his way beaten.

We understand that at the late leasing of the North Carolina Railroad only one member of the Board, Mr. Burns, voted against it, and he stated, he could get more for it, than Dr. Hawkins was offering, but the Board would not, and did not, try to get more.

Messrs. Davis and Welker were not present at the meeting. We think Mr. Welker, would have opposed it if present, and we would have thought the same of Mr. Davis, if he had not voted in the late Stockholders meeting against his old friend, Webb, for a stranger who was in favor of leasing.

If Mr. Davis should be for leasing, he is too well acquainted with the Road, not to know that 240,000 dollars per annum is so far short of the real value of the road, that it appears like fraud to lease it for that inadequate amount.

Mr. Davis is too much of a business man not to know that $3,000,000 of property should not be leased, sold or disposed of without note or notice to all who are likely to become bidders for it, and if it is done, it is a mask, or trick, or fraud, or both.—We mean what we say and if necessary will repeat it.

We have some personal friends on the Board who voted for the lease, they are above suspicion, at the same time there are others on the Board, who are not above suspicion, and Governor Holden knew it when he appointed them.

The friends of the lease are making a great out-cry, that "Littlefield and the Ring will buy the road from the Legislature, if you don't lease." Now we know this, it is the Ring or a portion of the Ring that has perpetrated the lease. Yes, the identical Ring that has made the lease, made the Penitentiary fraud and swindle, and hence we have said and repeat, this is a Penitentiary transaction gotten up by the Penitentiary Ring. We speak in no hostility to the R. & G. Road. We speak in the interest of an over-burthened, heavily taxed people who have been plundered and oppressed by unworthy natives and corrupt, plundering, thieving, carpet baggers, who have grown rich while the people and the State have grown poor.

## *DESERTING THE RING.*

We have heard that the Governor and Treasurer are tired of the Ring, and other prominent Radicals are denouncing it. Ah, Mr. Governor and Treasurer, stand to your friends, don't desert your colors.

When Littlefield, the Ring and carpet-baggers are exposed, and stand condemned, your condemnation comes with theirs.

The Governor knows of the misapplication of large amounts of State bonds. If he don't know he can learn, and yet he is as close as a clam, as silent as the grave, and says not a word. You can't keep silent much longer. We shall look for you soon to come with a leader through Pike, about supposed misapplication of State Bonds, and then you will come to express your profound ignorance of, and regret for it, in a message to the Legislature.

Speak out Governor, before the Legislature meets.

## *WHERE IS GENERAL LAFLIN?*

What has he done that the Governor dismisses him as State proxy, and substituted Mr. Badger in his stead? Is Laflin to be put on the Detective staff? Come Governor, give him a place, give him employment? We have a suspicion that Laflin and Littlefield are the most honest men of the party. Don't fall out with them because you want Senator Abbott's place.

Printing, Binding &c., Report of Committee.

The Judges appointed to examine the various specimens of Book and Job Printing, Binding, Paper, &c., exhibited at the State Fair, would respectfully report:

I. That while they find that the best single specimen of Job Printing in the frame of Business Cards, marked No. 1, in Class 4, Division 3, Department 3, (M. S. Littlefield's,) they find the general variety in frame No. 13, same class, &c, (Nichols & Gorman's,) to be superior, and therefore adjudge it entitled to the Premium.

II. The lot of printing paper exhibited by W. B. Allegre, & Co., is of fine quality and entitled to a Premium.

III. The Binding and general execution of Blank Book, No. 2, Class 2, &c., are the best and entitled to a premium.

IV. In Book Printing, the Committee find several excellent and creditable specimens, viz: No. 4, (a Vol. of Supreme Court Reports, by Nichols & Gorman,) a pamphlet printed by M. S. Littlefield for the Superintendent of Public Instruction, and No. 6, (Dr. Johnston's recent work on Insanity, by T. M. Hughes.) The latter, after some what difficult comparison, they adjudge to be entitled to the Premium.

Very Respectfully, &c.,

TUCKER HALL.—Last evening the lecture by Prof. S. M. Hewlett, in connection with the concert of the Messrs. Tremaine, given under the auspices of the Young Men's Christian Association, at Tucker Hall, was a grand success and attracted a large and fashionable audience.

Messrs. Tremaine and Mr. Pierson fully sustained their reputation as gentlemen of the first order of talent, and rendered the entertainment charming in the extreme.

The Combination Organ exhibited by the Messrs. Tremaine attracted much attention and was pronounced by those competent to judge to be one of the most complete instruments of the kind yet invented.

See announcement for to night.

THE FAIR IS OVER.—After four days of a really successful and most pleasant Fair, (except for the rain and mud on Thursday and Friday,) the first reconstructed annual exhibition of the North Carolina Agricultural Society has closed. The officers and committee of the Society have cause to congratulate themselves on the very liberal success that has crowned their efforts. To all who have labored in this good cause the State of North Carolina are indebted more than would be appear to the casual observer. They had many difficulties to surmount—so many that the task would have appalled men less energetic and less patriotic.

The energetic Marshal, Gen. Lewis, and his vigilant assistants succeeded to admiration in keeping everything in the best order on the Fair Grounds, while the Police, under the old and experienced Chief, Mr. Parker, nip in the bud, every attempt at disorderly conduct within and around the enclosure.

The Raleigh Brass Band enlivened the occasion by their timely music, and really deserve much praise for the creditable manner in which they acquitted themselves, considering the short time they had to prepare for the occasion, and ought to be encouraged.

The occasion passed off pleasantly—that is, as pleasantly as such occasions ever pass off—and as many people were satisfied as could be expected, where there are so many chances for dissatisfaction.

We could say much more on the subject, for we are full of it, (and ought to be, after four days close attendance on it,) but we are tired, and must leave many things unsaid for the present.

EXERCISES OF THE LAST DAY.

A large number of visitors were present—as large as on any previous day.

At 11 o'clock, Prof. W. C. Kerr delivered the annual Address, a production at once entertaining, truthful and instructive, and which was listened to with great attention by the large audience gathered around the stand. We shall give a more extended notice of this Address, or the Address in full, hereafter.

At 12 o'clock the trotting match came off, double to harness, mile heats, best 3 in 5, purse $100, entrance $20.

Col. W. J. Green entered pair of bays.

Capt. T. F. Lee, pair of grays.

The grays won first, second and fourth heats, time 3.45; 3.47; 3.43½.

The premiums awarded exhibitors by the several Committees, were then read out from the stand by Rev. J. B. Smith—a list of which we give elsewhere. There may be some slight inaccuracies in this list, owing to the hurry in transcribing it, which will be corrected when discovered.

After the reading out the premiums, a fancy pacing match was gotten up between Capt. T. F. Lee's white horse, Plow Boy, Mr. Paxson's bay horse, Twist and Messrs Wynne & Co.'s white horse, Rocket, mile heat, best three in five, which was won by Twist in three straight heats, time 2.54, 2.52½, 3.2½. (The track was very heavy.)

The balance of the day was spent in walking about the grounds and through the Halls; selling articles by auction, collecting premiums, packing up goods and leaving for home, where we hope all arrived safely and well satisfied, and determined to come up to the next Annual Fair.

NATURE PRESERVED.—Among the many beautiful things which adorned Floral Hall during our Fair, we noticed a wreath of natural flowers which were plucked about six months ago, but which, by a process unknown to us, have been preserved in all their freshness and beauty—all but their fragrance—until now. Art competing with nature, is an old thing, but nature in imitation of art, is something new under the sun.

This wreath was the contribution of Mrs. Thomas Cowan, of Pittsboro, and she alone has the secret of the preservative used.

THE ANNUAL SOIREE at St. Mary's on Thursday evening, was the occasion of much pleasant enjoyment by the large number of our most refined and intelligent citizens, and visitors who attended it. The young ladies entertained the crowd with many pieces of vocal and instrumental music of a high order, and which were rendered in excellent style by the fair performers, while the courteous and genial manner of the accomplished Principal, Dr. Smedes, rendered all easy and happy.

Prof. S. M. Hewlett, will deliver a lecture on Temperance, its "curse and cure" to-night at half past seven o'clock, at the Commons Hall, admission free.

LOST.—A lady's breast pin, representing the letter M. with the name of owner engraved on the inside; the finder will leave it at the SENTINEL Office.

EXCURSION to Baltimore to the Great cattle show, trains leave Raleigh on the 25th, 26th and 27th inst., *via* Bay line and Powhatan line, round trip $10, good till Nov. 1st. The Great cattle show comes off on 27th October.

For the Sentinel.

*TO THE PEOPLE OF NORTH CAROLINA.*

The Hon. T. L. Clingman, in a recently published letter, on the "Special Tax Bonds" of this State, presents a conclusion, which is, in my humble judgment, directly opposite to the one that would be justified by his facts.

I quote his language: "It will be seen, from the above statement, that the special tax debt is on such a footing, that its payment does not depend on the action of any future Legislature, *and that it can only be gotten rid of by a revolutionary movement, which would overthrow the present State Constitution.*"

The italics are mine; and it is that part of this (I must say) remarkable declaration that I *now* particularly combat.

A thing that can be done in North Carolina only by revolution, *should not be done at all.* Where despots *will persist* in efforts to rule, against the wishes of the governed; or where aristocracies, under laws fashioned by themselves for selfish purposes, *will hold* in their grasp, privileges, not communicable to the people, *there* revolution may be the only possible assertion of legitimate power. But in States like ours, where the government is simply the organized expression of the people's will, there is not, there cannot exist such a *contradiction* as the right of revolution,—*the right of the people to overthrow the people.* Universal suffrage and equality of men before the law entirely abrogate the right of revolution.—So the Special Tax Bonds are safe, I trust, from the assaults of revolution.

But is it true that the people can be relieved from the burden of these Bonds *only by revolution?* I think not.

The people conduct this their government through agents. There are three classes of these agents, the *legislative*, the *judiciary* and the *executive*. The first named class, make laws; the second, construe the laws in cases brought before them by proper parties; and the third attend to the enforcement of all laws so made or construed.

The Constitution of the State is the letter of instruction and authority that the principal (the people) has given these agents. And any act done by any of these agents, that is not authorized by the Constitution, is not in law or morals *ultimately* binding on the people. (I say *ultimately*, because *for a time* they are binding.) None who treat with any of these agents, while the agent is acting outside the authority of this constitution, can claim any consideration from the people. The people have made known to the world, by widely publishing their constitution, the nature and extent of these agencies. The maxims *caveat emptor*, applies, in full force, to all who buy from these agents.

Each class of agents is distinct from the others and independent of them.—Each operates as a check on the others when it thinks that the letter of authority is not brewed by the others. Each is liable to honestly mistake its authority; but each is, nevertheless, in its own sphere, its own judge of the extent of its authority. A legislator, for example, may well look to the Courts for reasonings to convince his understanding, wherein he differs from the Courts in reference to his agency. But if he is not convinced in reality, the legislator is not only *under no obligation to adopt the construction of the Court*, he is even false to his high trust from the people if, in such case, he does adopt it. His breach of trust consists in his removing one of the checks wisely designed in our system of government.

From each and all of these agents there is an appeal, without revolution, to the people. Years may roll away before it is heard, but at the last the people are sure to hear it and give judgment. They may sustain their legislative, judicial and executive agents, or they may decide against them at the ballot box and sweeping them one after the other, all away, may substitute new agents for those they have repudiated. The people of the nation are in the end the judge of the national constitution; the people of the State are above all State legislatures, judges and executives, the judges of the *State* constitution. God grant they may always continue to be so and that all measures and all men may be prostrated in the dust who persist in opposing the peoples' will!

Now, I contend, that your agent, the legislature, mistook its legitimate power, when it authorized the issue of the bonds under consideration. I think you never gave it any such authority; and that these bonds are void in law and not obligatory on you in morals.

With due deference to the decision of the Supreme Court, but at the same time determined not to be faithless to my own conception of my duty, I declare my conscientious conviction to be that the Court erred when it decided that even a portion of these bonds were authoriz d by you.

And now, alike from the action of the Legislature in the premises, and the decision aforesaid of the Court, I, a tax payer and a citizen, take an appeal to the people of North Carolina.

The first hearing of this appeal will be in the next election, in this State, for members of the Legislature. All voters swear to support the Constitution of the State. If a majority of the voters of the State think the acts, under which these bonds were issued, are not in accord with that Constitution, they will fill the Senate Chamber and Hall of Representatives with members pledged to repeal those acts, and to pass laws forbidding the collection of the annual interest in the tax lists. And just so long as the people might continue in this way of thinking, no special tax could be collected to pay the interest on these bonds. Any official who might afterwards attempt to collect any of these taxes could be removed by impeachment or restrained by punishment.

So if the people will it, there is relief for them from these burdens—relief by a remedy not revolutionary but peaceful and constitutional.

In the meantime let no man refuse to pay these taxes or attempt even to evade them. Until the people shall decide against them in the manner indicated they are as binding, on all tax payers, in law as well as in morals as if the acts authorizing them were not unconstitutional, or the decision of the Court sustaining a portion of them, was not erroneous.

### Friday Evening Dispatches.

WASHINGTON.

WASHINGTON, Oct. 21.—The *Chronicle* has the following special regarding yesterday's proceedings at Nashville: "There were four ballots taken in joint Convention with the following result:

1st Ballot.—Johnson 45, Etheridge 26, Fletcher 12, N. Brown 7, Ewing 4, M. Brown 2, Nelson 1. This showed a gain of four votes over yesterday for Johnson, and a loss of three for Ethridge. The announcement was received with cheers by Johnson's friends

2nd Ballot.—Johnson 45, Etheridge 28, Fletcher 12, and the rest scattering as before.

3rd Ballot—Johnson 48 Etheridge 29, Fletcher 12, and the rest scattering.

Johnson's friends are jubilant and resisting motions to adjourn.

On the 4th and last ballot, the Stokes Republicans in accordance with an understanding of last night, voted *en masse* for Etheridge in hopes of forcing Johnson from the race, with the following result; Johnson 48, Etheridge 41 and the rest scattering.

After this ballot Johnson's friends consented to adjourn to consider the new combination.

The Stokes men will vote for any man to defeat Johnson, but a general opinion prevails that the combinations against Johnson, have reached their strongest "vote."

Private advices show Johnson's friends are confident of making up the seven (7) lacking votes to morrow, and his admirers throughout the State are rejoicing.

**A PROCLAMATION,**

**By His Excellency, the Governor of North Carolina.**

EXECUTIVE DEPARTMENT OF N. C.
RALEIGH, Oct. 20th, 1869.

Notwithstanding the existence of peace and good order in other portions of the State I regard it as my duty to announce that in four Counties, to wit: Lenoir, Jones, Orange, and Chatham, there is, and has been for some months past, a feeling of insubordination and insurrection, insomuch that many good citizens are put in terror for their lives and property, and it is difficult, if not impossible, to secure a full and fair enforcement of the law. Information has reached, and continues to reach the Executive, that in the above Counties a state of feeling exists which is totally incompatible with the free exercise, by the friends of the Government, of that independent expression of opinion, and that freedom of action, which is the birth right of every American. In Lenoir and Jones various thefts and murders have been committed; jails have been forcibly opened and the prisoners taken thence have been murdered; an officer of the law has been waylaid and slain on the public highway, and another officer of the law has been slain in the open day while engaged in his ordinary avocations. Private dwellings have been entered and the occupants terrified, and some of them whipped or murdered; others have been shot or hanged or cruelly beaten; and the result is that thus far the civil law, though firmly asserted and maintained, has not been adequate to bring the insubordinate and the wicked to condign punishment. In Chatham the jail has been forcibly opened and a prisoner, confined under sentence of a Court of the United States, has been liberated and is now at large. In Orange the jail has been forcibly opened and two prisoners (colored men) taken out and shot one of whom has died of his wounds. Three other colored men have been hanged until they were dead, one has been cruelly mutilated, and others have been whipped. White citizens have been injured, insulted and terrified. The University of the State, sacred to the cause of learning, has been repeatedly invaded by bands of armed men in disguise on horseback, and acts of violence have been there perpetrated on unoffending citizens and officers of the law. Many of the colored people in these Counties, and no inconsiderable portion of the white people, though obedient to the law and good citizens, are living under constant apprehensions that they may fall victims at any moment to the malice of their enemies.

It is made my duty under the Constitution "to call out the militia to execute the law, suppress riots or insurrection and to repel invasion." I deeply regret that it seems necessary to resort to the military power to enforce the law and to protect the citizen. But the law must be maintained. I have waited in vain, hoping that a returning sense of reason and justice would arrest these violations of the law. But these evils, instead of diminishing have increased, and no course is left to me but to issue this proclamation of admonition and warning to all the people of the Counties mentioned, whether engaged in these flagrant violations of law, or whether indifferent or insensible to what is occurring in their midst. I now call upon every citizen in the Counties aforesaid to aid the civil power in a fearless enforcement of the laws. No set of men can take the law into their own hands. Every citizen, however humble, or whatever his color, has a right to be at peace in his own house, and cannot be taken thence except by due process, and cannot be punished save by the law. If there be those who counsel resistance to established authority, such persons are traitors, and should be punished accordingly; if there be those who, disguised or masked, enter the dwellings of others by force and commit acts of violence, such persons are guilty of felony, and should be punished by hard labor in the penitentiary; if there be those who, without precept or order, hang, or shoot, or otherwise deprive any one of life, such persons are murderers, and should be punished accordingly.

I now give notice in the most solemn manner, that these violations of law and these outrages in the aforesaid counties, *must cease;* otherwise, I will proclaim those counties in a state of insurrection, and will exert the whole power of the State to enforce the law, to protect those who are assailed or injured, and to bring criminals to justice. In a matter like this there should be no party feeling. It is my fixed purpose to protect every citizen without regard to his antecedents, his color or his political opinions; but to do this the law must be sacred, must be spread over all alike, and must be inflexibly maintained.

Done at our City of Raleigh, this the 20th day of October, in the year of our Lord, one thousand eight hundred and sixty-nine and in the ninety-fourth year of our Independence.

W. W. HOLDEN, Governor.

By the Governor:
W. R. RICHARDSON,
Private Secretary.

CHAPTER CCLXVII.

AN ACT MAKING THE ACT OF GOING MASKED, DISGUISED OR PAINTED A FELONY.

SECTION 1. *The General Assembly of North Carolina do enact* Any person who shall disguise himself by painting his face, or by wearing any mask or any other device for the concealment of the face or person with intent to terrify or frighten any citizen or the community, or part thereof, shall be guilty of a misdemeanor, and be punished by fine or imprisonment in the county jail, at the discretion of the Court.

SEC. 2. Any person or persons, either singly or in association with each other, who, being disguised or masked, or otherwise concealed in the manner described in the preceding section, shall commit any trespass or act by force or violence, which is now a misdemeanor by any statute of this State, or at common law, shall be deemed guilty of felony, and shall be imprisoned at hard labor in the Penitentiary for a term of not less than one year, or more than ten years.

SEC. 3. This act shall go into effect on its ratification, and the Governor shall cause the same to be published immediately.

GLASS SPECTACLES,

Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of

A CONCAVE CONVEX ELLIPSIS,

Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by

**MORRIS BERNHARDT,**

SPECTACLE & OPTICAL MANUFACTURER.

THE ADVANTAGES of these Spectacles over all others are:

1. **They can be worn with perfect ease** for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.

2. **How to select Glasses. It requires** professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but carefully examines the eyes of his patients, and gives indispensable advice as to the proper selection of them.

3. **When the eyes ache or pain through** the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing, or vivid colored bodies; these lenses, by softening the rays, effect a most agreeable sensation and give great relief.

4. **These spectacles are scientifically** adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.

5. **After several years of public practice,** adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight.

6. **M. Bernhardt, to signalize himself** from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have used his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by State imprisonment.

**Testimony of Recommendations from** Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union

**Raleigh, Aug 24, 1869.**

I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending him to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.

CHAS. E. JOHNSON, M. D.

**Raleigh, N. C., Aug. 24, 1869.**

I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr. M. Bernhardt are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.

WM. G. HILL, M. D.

**Raleigh, N. C., Aug 24, 1869.**

I take pleasure in stating that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.

Very respectfully,
F. J. HAYWOOD, M. D.

**Raleigh, Aug. 24, 1869.**

Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.

W. H. McKEE, M. D.

**Raleigh, Aug 25, 1869.**

After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.

R. S. MASON, D. D.,
Pastor Prot. Episcopal Church.

**Raleigh, Aug. 25, 1869.**

Dr. M. Bernhardt, Oculist and Optician, has fitted me with a pair of Spectacles superior to any article of the kind I ever had before. The material is Australian Crystal, the quality of which renders vision very clear and distinct, and enables me to read and write with as much ease as I did ten or twelve years ago. His assortment of glasses is most complete and the finish apparently perfect. I take great pleasure in recommending him to all who need their sight improved.

DRURY LACY, D. D.,
Late Pres't. of Davidson College, N. C.

**Raleigh, Aug. 26, 1869.**

It gives me pleasure to bear witness to the extraordinary value and excellence of the glasses prepared and furnished by Prof. Bernhardt. To those who need artificial aid for their vision he will be of the highest service.

J. M. ATKINSON,
Pastor of the Presbyterian Church.

**State of North Carolina,**
EXECUTIVE DEPARTMENT,
Raleigh, March 28, 1866.

I have examined a large number of the glasses of Prof. M. Bernhardt, and with pleasure certify to their superior excellence. I wear a pair of them and see as perfectly as I could in my youth. They are the best I ever used, and I therefore heartily recommend him to the patronage of the public.

JONATHAN WORTH,
Governor of North Carolina.

**State of South Carolina,**
EXECUTIVE DEPARTMENT,
Columbia, June 19th, 1866.

Sir: I have made a full and satisfactory test of the Spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facility with which you fitted the glasses to my eyes, furnished me conclusive evidence of your scientific skill in optics and your thorough experience as an Oculist.

Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public. I have the honor to be,

Very respectfully yours,
JAMES L. ORR,
Governor of South Carolina.

Prof. MORRIS BERNHARDT, Charleston, S. C.

**Wilmington, March 31, 1866.**

I have examined a number of Professor Bernhardt's Glasses and am now using a pair of them and take pleasure in testifying that they enable me to see better than any others that I have used, while in his collection there seem to be some adapted to remedy any kind of defect in vision.

THOMAS ATKINSON,
Bishop of North Carolina.

**Nashville, April 27, 1867.**

The difference between Dr. Bernhardt and most Opticians is, according to my observation, that while they pretend to more than they know, he knows more of his business than he professes.

SCHOOL BOOKS.

UNIFORM SYSTEM OF
**TEXT-BOOKS**
FOR NORTH CAROLINA.

**Office Publishers' Sup't of Introduction,**
Raleigh, N. C., Sept. 21, 1869.

A DEPOSITORY has been established at Raleigh, in charge of Mr. Alfred Williams, for the following books, which were adopted Aug 9th, 1869, by the State Board of North Carolina for uniform use in the Public Schools:

Parker & Watson's National Primer.
Parker & Watson's National Spellers.
Parker & Watson's National Readers.
Davies' Arithmetics.
Monteith & McNally's Geographies.
Monteith's Youth's History of the U. S.
Beer's System of Penmanship.

The New Descriptive Geography of North Carolina will be ready about the middle of October prox. The maps, &c., are now being engraved as rapidly as possible. This work will be furnished with Monteith & McNally's Series, without extra charge.

Prof. Jerome Allen's Complete System of Map Drawing will also be furnished to the Public Schools with Monteith & McNally's Series without extra charge.

The books will be supplied at exceedingly low rates to the Public Schools in the State.

Similar terms will be made accessible to private schools adopting the above named books uniformly.

Pupils attending the Public Schools will, in accordance with the State contract, be furnished with new copies of Monteith & McNally's Geographies and Davies' Arithmetics in exchange for old copies of Cornell's Geographies and Quackenbos' Arithmetics, which they may possess.

Books will be supplied, carefully packed and shipped, by ALFRED WILLIAMS,
Depository, Raleigh, N. C.

Teachers and Educators generally are respectfully invited to correspond with
C. W. LAMBETH,
Agent for the Publishers and Sup't of Introduction.

"I am much pleased with both the Spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when those could be obtained.

From Rev. Aldert Smedes, D. D., Rector of St. Mary's School, Raleigh, N. C.
Raleigh, N. C.
I have examined the Geographies—Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable. ALDERT SMEDES.

From J. W. Gulick, A. M., Prin Male Academy, Goldsboro', N. C.:
Goldsboro', N. C.
I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular.
J. W. GULICK.

From Col. Wm. Bingham, Prin. Bingham School, N. C.
The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.
"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. Closs, Prin. Durham Academy, N. C.:
Durham, N. C.
I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition. M. CLOSS.

From M. L. Little, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.
Newton N. C.
Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work. M. L. LITTLE,

From Rev. S. Ivey, Prin. Auburn Academy, N. C.:
Auburn, N. C.
Monteith's Geographies are excellent works, and I shall introduce them into my school.
STINCEON IVEY.

Prof. Wm A. Obenchain, writing from Hillsboro' Military Academy, says:
The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. Dugger, Esq., Prin. Male Academy, Warrenton, N. C.
Warrenton N. C.
"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.
I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation. J. E. DUGGER.

From W. C. Kerr, State Geologist of N. C.
I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. G. D. Bernheim, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.
Mt. Pleasant, N. C.
I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.
With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.
In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance. G. D. BERNHEIM.

From Prof. Jos. H. Foy, President Stantonsburg Scientific High School, N. C.
Wilson, N. C.
I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the "National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.
I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.
I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——, which stands next best on the list.
McNally's, the fifth book of the course, is decidedly the *chef d'oeuvre* of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit. J. H. FOY

From the Statesville, N. C. *American*, February 20th, 1866.
We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.
Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller. The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1866.
National Second Reader.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1866.
National First Reader.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. *Daily Herald*, 1866.
The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

**COTTON PRESS.**

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all, persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS. H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

| John Hancock, | 18,27 |
| The National, | 63,48 |
| THE ÆTNA, | 13,41 |

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

**"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."**

**"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."**

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 584 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
